INDUSTRY PLACEMENT

As part of our Health and Care courses, all students must complete mandatory work placement hours. Being a skills based course, work placement is vital in bringing real life knowledge to the students' learning experiences and prepares them to be 100% job ready. At Greenwich College we have dedicated placement coordinators who are tasked with securing industry placement for each of our students, so they are in good hands.

At time of placement all Health & Care students must hold or be prepared to apply for an Australian National Police Clearance check – this is a compulsory requirement for students who undertake workplace training in Australia. In addition, a current vaccination/immunisation certificate and proof of immunity are required before placement.
